

BETTER TOGETHER

Powering Your Dental Practice with Smarter RCM Solutions

Dentistry Automation and SourceClub have partnered to bring you a streamlined, cost-effective way to manage your revenue cycle — so you can focus on what matters most: your patients.

About Dentistry Automation

Dentistry Automation (DA) is an AI-powered dental RCM company helping DSOs and practices reduce manual work, improve accuracy and accelerate cash flow. Our intelligent automation handles the complexities of the revenue cycle — from insurance verification to payment posting — so your team can focus on delivering great patient care.
